

*Tired of fake news?  
Don't worry.  
Here's the solution.*

*Step One*

*Spot a community  
where  
it's hard to distinguish  
what's fake from what's real*

*Step Two*

*Find  
ten friends  
you can trust  
and  
have them install Tournesol*

*Step Three*

*Get your friends  
to find  
five new users each  
and  
have them install Tournesol*

**A** LEARN THE TRUTH!

# Tournesol

*"It must be true!"*

*"Say it isn't so!"*

*And,  
now you know  
what feels to be true!*

*Be patient!  
Wait for  
twenty four hours.*

*Step Five*

*Step Four*

*One day,  
when everybody is  
in the same building  
drop a rumor*
