Who are you?

WHO YOU ARE

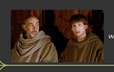
what's important is | who I am isn't important | And remember

- www.linkedin.com/in/eralbozkurt/ | follow me here | if you must
- So, don't get your hopes up
  - Right now, I'm in a relationship with "Seyyare"
  - I'm a metalhead who also likes the opera
    - "Ich seh', mein Sohn,
    - wo du nichts weißt;
    - da weißt du dir leicht zu helfen.
    - Mit dem Auge,
    - das als andres mir fehlt,
    - erblickst du selber das eine,
    - das mir zum Sehen verblieb."
  - My lucky number is 13
  - My favorite color is purple
  - I like brunettes
- OK, I'll play | What do you mean "more?"

- I don't beat up people
- I do worse things with a little help from you troublemakers
- The only difference is | So, I became like the "Equalizer Guy"

- "A different kind of vigilante"... who multiplies as he finds supporters.
- I call it | Wouldn't this make a cool TV series, now?
  - (punisher)
  - GEZGALANDIRICI
- "When the truth becomes obvious to you without thinking, it means that you have arrived" | OK | OK | Oh, dear... | You want some wisdom? | What?
- "That you will never search for things... want things... need things... You will just... live."

- in 30+ firms
- in 40+ projects
- Believe me, I have tried | I despise modern workplace and the organisms thrive there

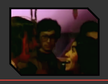


- what I knew in philosophical terms | and I learned | One fine day, my master has found me or I found him
- "One day you will find yourself in front of people who have no intention to listen to you. Regardless, what lies before you is the only way out. If you are worthy, you will find yourself speaking the 'word' and they will take it from there."

- a gamer
- a programmer
- a guy with crazy ideas
- as | I became a sensation

- and I was hooked
- I entered a video game parlor | Luckily ghost in the machine has liberated me

- "This guy gives me the creeps" | I received wonderful reviews



- I made my acting debut (!) in a shitty political film. I portrayed "the rebel youth".
- nobody gave a fuck about fossils where I lived | because
  - I was all about precision | and | geology was all about variation | also
  - I was unhappy
- I'm not Arabic
  - No | I didn't want to become a fossil hunter for oil companies | and
- because of my love of dinosaurs
  - Thinking, I liked dead animals too, I tried paleontology
- it wasn't an option where I lived
  - but | I wanted to be a zoologist
- and still make it | I learned that I could do whatever the hell I wanted
  - one crazy scheme after another for more than ten years | who has executed | I'm an entrepreneur of sorts
- a few books in Turkish and English | who has written | I'm an amateur writer
  - Memoirs of a system analyst
    - 40 MB | PDF | https://tinyurl.com/tekyolevirim2 | Turkish
    - "The only way out is evolution" | The book that started it all

  - Memoirs of two high school graduates
    - Sorry, this one is shared only with close friends | Turkish
    - Once upon a time in Europe | A book written in five days because of a dare

  - Precisely | WTF! | It was accepted to the world renowned startup school of Y Combinator
    - with a real app, no less!
    - which introduces the Abacus version of the Matrix
    - A requirement model in the form of an erotic sci-fi thriller
    - 17 MB | PDF | https://tinyurl.com/SFNact1 | English
    - Something from Nothing | The Art and Science of Creating Reality

- for more than thirty years | system analyst, programmer, process engineer and product life cycle manager | who has worked as | I'm a computer scientist

- I think this is a very silly question | but | since so many of you are asking it...

- Why is everything free? | What's the catch? | What's wrong with you?
- Money is not my driving force | No, power isn't either
- My ROI is bringing yet another troublemaker into this world

- Why do you conceal yourself?
- Well, actually, I don't | Come to a seminar | About the online stuff, it's the smart thing to do
- LETSGETEMOTIONAL
- I have a great idea!
- As long as it isn't a social experiment, I don't care | Even if it is, I may not have the time | Take the training, read the book, go over the app... and make yours
- On the other hand | There is this commercial version of | **tebul's txt** | = | LOL | [it's cheap] | NoRM@mikimoka.com
- How can I commercialize this or that? | How can I execute this or that?
- Which part of "I don't care" did you not understand?
- Can we meet? | Can we talk? | Can we? | Can we?
- NO | unless you are pretty | Send me pictures

- Please, don't use mine for self gratification
